To set the notifications settings on the new Mantatech forum:

1. Log on to www.mantaowners.org (if you have not registered, you will need to do that first).
2. Click on Mantatech
3. Click on the OPTIONS button
4. Click on the Subscriptions tab
5. If you want to receive a daily email digest of posts, click "Receive Subscription Notifications In Digest Form (daily)"
6. If you want to receive an email for every post that you are subscribed to, do not perform step #5
7. Click Update Subscription Option

Next you will need to subscribe to one or more of the forums.

1. From the Subscription Options Screen (where you just were), click on the Forum Subscriptions button on the left side of the screen
2. Select the forums for which you want to receive notifications when someone posts a topic or reply.
3. Click on Update Subscriptions
